

## Transport truck TW 52/400 with big wheels

The Transport Truck TW 52/400 has a rugged, torsion-resistant frame structure of steel profiles silver-coloured painted. 4 big rubber wheels, 2 of them lockable, diameter 300 mm with special roller bearings, permanently lubricated and maintenance-free, ensure an absolutely noiseless movement - especially for the outdoor side. A stainless steel roller track comprising 5 carrying rollers of corrosion-resistant material and noise-absorbing plastic coating has been arranged on top of the truck. A holding device at the roller track secures the body tray lying on it.

### Technical Data:

Dimensions W/D/H:	2150 x 665 x 650mm
Carrying capacity:	max. 200 kg
Dead weight:	ca. 80 kg
Material:	Steel
Colour:	silver
Type:	TW 52/400
Article No.:	050.150.035
