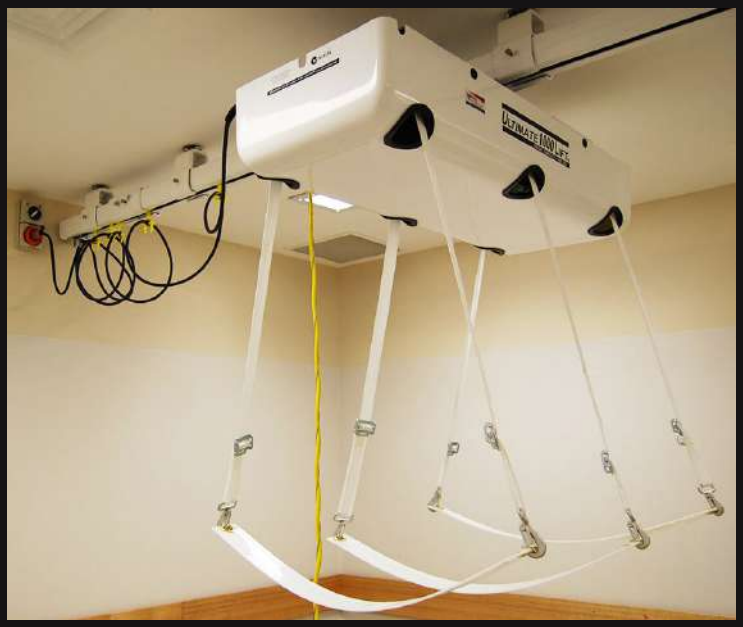
MORTUARY LIFT™ COMPANY

A Lifting Experience™

THE ULTIMATE 1000 LIFT™



For over 50 years, the Mortuary Lift Company has produced top quality body lifts for a range of industries. Their flagship Ultimate 1000 Lift, alongside its track systems, continue to serve the funeral industry for decades.

The Ultimate 1000 Lift takes the effort out of lifting.
Moving and dressing remains can be done by only one person, free of potential strains or stresses, and without any breaks in productivity. No specialised tools are needed, no time is wasted for changing parts, and with the track system and retractable straps, no dangling pieces of equipment in your workspace.

Our lift is built to last a lifetime. The Ultimate Lift 1000 is a lift is custom made and is manufactured using only the highest quality steel and top of the line parts. It is handmade and customised to your specifications and needs.
